## This is the Heading 2

This is the paragraph

I believe every human has a finite number of heartbeats. I don't intend to waste any of mine

You know, being a test pilot isn't always the healthiest business in the world<sup>1</sup>.

The path of a cosmonaut is not an easy, triumphant march to glory. You have to get to know the meaning not just of joy but also of grief, before being allowed in the spacecraft cabin.

Spaceflights cannot be stopped. This is not the work of any one man or even a **group of men**. It is a historical process which mankind is carrying out in accordance with the natural laws of human development.
